At its February 21<sup>st</sup> meeting, the Board voted to extend the one-year timeframe for those persons **currently approved** to take the national uniform appraiser examination and who are waiting for the Appraiser Qualifications Board to establish an initial cut score and adjust the test questions. Once Pearson VUE, the examination administrator, has advised the Board that a cut score has been determined and that the tests have been adjusted, the Board will notify the affected applicants of the actual number of days for the extension.
